WOMAN'S CLUB OF TEMPE OPEN YEAR

TEMPE, Oct. 7.—The first regular meeting of the Tempe Woman's club was held yesterday afternoon in the Christian church and in spite of the rainy weather a good number of the members were present.

Mrs. C. Grant Jones read an instructive paper on "Climate and Landscape of Porto Rico," which was followed by an equally interesting talk on "Hygiene and Sanitation," by Mrs. Chas. B. Prather. Music by the club concluded the program.

The names of Mrs. A. J. Matthews, Mrs. A. H. Quinn and Mary E. Lynd were presented and the ladies were duly elected to membership. Mrs. W. G. DeVore was appointed to fill the vacancy of vice-president, caused by the resignation of that officer.

Mrs. Wm. Goodwin, Mrs. C. G. Jones, and Mrs. Louise Fischer were elected by the club to the district federation

A woman never looks better than her Hair

Thousands of woman owe their youthful appearance to NEWBRO'S HERPICIDE. No matter what may be her age, a woman with a nice head of hair, hair that is soft, glossy and fluffy, always looks younger than she is.

HERPICIDE makes the hair beautiful with that sheen and shimmer which is so attractive and always indicates a healthy, natural growth. It keeps the scalp free from dandruff and the hair from falling out.

There are remedies said to be "just as good," but HERPICIDE is the genuine original dandruff germ destroyer.

Newbro's Herpicide in 50c and \$1.00 sizes is sold at all drug stores and toilet goods counters. Guaranteed by The Herpicide Co.
Recommended and applications made by the best barbers and hair dressers.

WOMEN GIVE AID TO THE REPUBLICANS

League of Women Voters
Making Efficient Canvass
of City, Not on Lines of
Offensive Partisanship,
However

The Women's Republican League of Phoenix is proving of valuable assistance to the state and county central committee in several ways as well as a very effective self help in fitting the members for the capable discharge of their new responsibilities as full fledged citizens and voters. Under the chairman, Mrs. R. E. Marks, a corps of women is canvassing the entire city, with a captain in charge of each precinct.

The purpose of this canvass is primarily to discover the hiding place of every woman whose name is not yet on the great register, in the hope that it may be placed there before the night of the 15th, after which it will be everlastingly too late. In this connection the workers say that just once in awhile some lady called resents the intrusion as an effort to pry into other people's business, but only because the object of the mission is not understood. For that reason they desire the reader to know that no offense is intended and there is no intention of asking impertinent questions or saying anything to embarrass the lady called upon. They only ask a like consideration, that they in turn may not be embarrassed.

It is not a campaign of "offensive partisanship" but just a little courteous seeking after information. Many of the women are not even suffragists or voters by choice, though some of them may be, but that day is past in Arizona and voting is now as much the duty of good women as of good men. If they have no well defined convictions as to parties, they should have as to candidates, and if they do not know a great deal about politics the time has arrived for them to learn. The only way to learn is to get the practical experience.

The League holds a regular weekly meeting in the assembly room of the National Hughes Alliance at No. 18, North First avenue, for the study of political questions and instruction in the conduct of elections and the details of voting. All interested women are invited to attend these meetings. The usual night of meeting is Tuesday, but the meeting next week will be Wednesday night that the members of the League may have an opportunity to listen to Messrs. Garfield, Kibbey and others who will address the mass meeting at the Y. M. C. A. on Tuesday night.

Colonel J. H. McClintock, chairman of the county central committee will address the league at its meeting next Tuesday night.

The district federation meeting will be held in Tempe October 25th at the Methodist Episcopal church. An all day session is planned and the ladies of the church will serve chicken dinner. A splendid club day is promised.

meeting, and as their alternates, Messrs. Birchett, Wickliffe and Clark were selected.

CHARITIES STARTS CHRISTMAS WORK

Dependent mothers will know the joy of preparing for Christmas for their small sons and daughters this season if the plan which originated with them is carried into effect. They have suggested that remnants, old bits of ribbon and lace be contributed to the Associated Charities and that it in turn donate the materials to the mothers who use the gifts to the best of their ability. The scheme has met with the approval of Miss C. M. Gilchrist, superintendent of charities who appreciated the "personal touch" that will lend happiness to the holiday box. The district committee of the Associated Charities will meet at the headquarters of the organization, 18 South Second avenue on Thursday afternoon to discuss the plan. It is proposed that while the mothers make the garments that will be a big item in the box that other gifts will be added later, such as candies, nuts and fruit. In the meantime, the Charities is ready to receive toys and such other articles that may be stored until the holidays.

Aitken, Riding Goodyear Cords, Shatters World's Record!

Captures Astor Trophy in Sheepshead Bay Speedway 250-Mile Classic

Rickenbacher Also on Goodyear Cords a Close Second

Catapulting along the edge-to-edge board course at Sheepshead Bay Saturday at the rate of 104.66 miles an hour, a world's record for the distance, Johnny Aitken drove his Peugeot to victory in the Astor Cup Race over a field of 31 starters.

He rode on Goodyear Cords!

And he won on Goodyear Cords!

Desperate competitors thundered at his hubs every mile of the way—a treacherous tire might have meant defeat—but he won—his Goodyears did their splendid part.

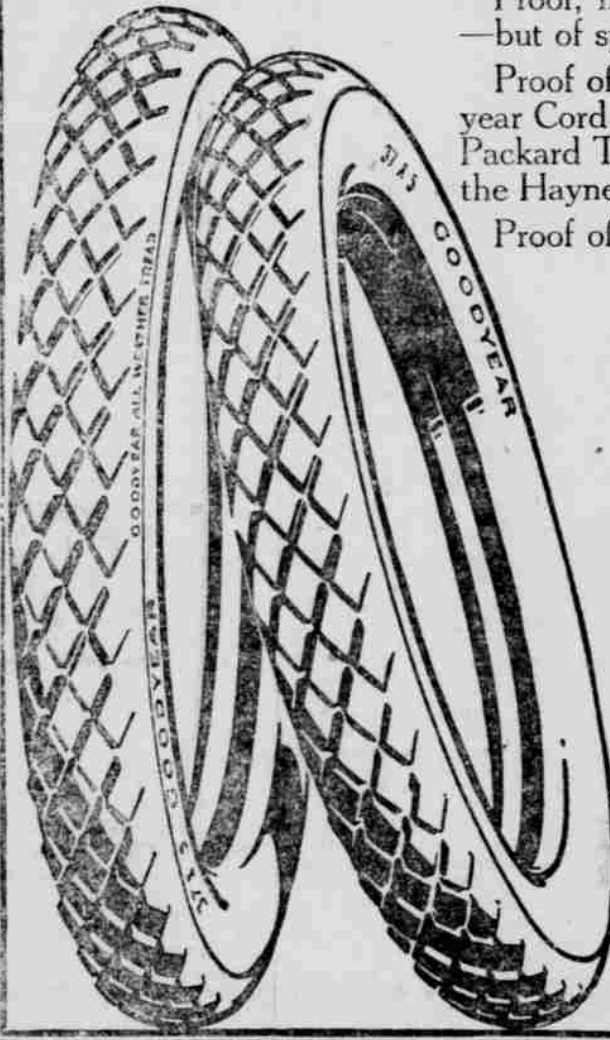

They stood the burning, tearing, grinding, rending punishment of 250 miles over edge-to-edge boards at a 104.66-mile pace—and victoriously!

Aitken's victory is not an isolated instance of the unflinching stamina of Goodyear Cords. The racing records of the past three months are formidable with additional proof.

Proof, not alone of stamina—though this is paramount—but of speed, spring, and exultant vitality.

Proof of the very qualities that led to the adoption of Goodyear Cord tires as standard equipment on the Franklin, the Packard Twin-Six, the Locomobile, the Peerless, the White, the Haynes Twelve, the Stutz and the McFarlan.

Proof of the qualities that make these tires better.

HARTWELL HAS THE CLASSIEST GARAGE

F. A. Hartwell, well known for his long residence here, while with J. C. Smith, wedding Master carvers, is a visitor in the city from his present home in Los Angeles. He is stopping over to see his mother and has been back to the Jeffery factory.

Hartwell is new in the Hartwell Motor Company, of Los Angeles, distributor of the Jeffery line of pleasure cars and trucks. While here Hartwell is displaying wash drawings of the interior of what will be the classiest automobile salon in the west. Marble, sculpture and mosaic work make it more like the lobby of an exclusive club or hotel than the sales room of a motor car dealership. "Burr" is off the speed game for life, but is displaying considerable of that commodity in selling cars. He conferred with McArthur Brothers yesterday, local Jeffery agents, and

TO OBSERVE FIRE PREVENTION DAY

A thorough campaign will be started tomorrow morning, looking to the cleaning up of Phoenix, in an endeavor to cut down the fire loss. Committees of business men, aided by Fire Chief Wright and several assistants will tour the entire city, investigate every suspicious spot, and see that steps are taken to clean it up. The committee asks that all residents pile their rubbish in the back alley before tomorrow morning. The city manager has consented to loan the city teams and wagons to be used in cleaning up the refuse. If the co-operation of the householders is secured, the whole city will be as clean and spotless tomorrow night as the proverbial spotless town. The committee will leave the chamber of commerce at eight o'clock, and continue their work all day. The

members will have official standing and will be equipped with yellow badges, showing that they have power to take such steps as are necessary to clean up the city.

The whole proceeding is a practical celebration of fire prevention day. Tomorrow is the 54th anniversary of the conflagration which levelled the city of Chicago to the ground, and caused millions of dollars in damage. The day is observed all over the United States, and each

year witnesses millions of dollars saved through the efforts of the men and civic bodies, who see that rubbish and other inflammable material is put where it belongs and not allowed to litter up the landscape.

LICENSED TO WED—Marriage licenses were issued yesterday to Walter R. Strong and Branch M. Farmer, Thomas Thompson and Chrissie Stewart, and Frank S. Arnold and Rose M. Elias.
